

T.R.I.P....

Tavaero Rewards Incentive Program

Launched in 2003 as a new way of thanking our clients for their patronage, the Tavaero Rewards Incentive Program ("TRIP" for short) is rapidly becoming a big success!!! *2004 marked the addition of all charter dispatchers and corporate schedulers to the program, where previously only direct clients were eligible for the program!!!*

The program features a vast selection of high quality gifts ranging in value from approximately \$20 to \$1,000. Points are placed in a special account for our clients and accumulate as charter trips are completed. These accounts are then accessed directly through our website, www.tavaero.com for browsing, checking points balance, account maintenance and, of course, redeeming points for the *over 750 available gifts!!!*

Gifts are divided into 13 categories ranging from least to most in points value. You can see here just a few of the gifts available from our program!!!
